Coursework Progression for Group Work

Please complete all details required clearly. The progression form is meant for coursework based subjects. The form is to be used weekly during class consultation hours by students and lecturers to track the progress of work done and expectations for the following meeting.

Course Details: Apply statistics and computational analysis to make predictions based on data.

Subject Code: XBDS2014N	Subject Name : Introduction to Data Science
Course Title: Bachelor In Computer Science	

Week: (Please ✓ and write the actual date)

Wk 1	Wk 2	Wk 3	Wk 4	Wk 5	Wk 6	Wk 7	Wk 8	Wk 9	Wk 10	Wk 11	Wk12

Progress: Identifying the dataset and research suitable machine learning methods

Team Work Progress: We have found and validated the dataset to be used for our system prediction of Inflation rate for countries and doing research for other methods and technology.

Next Milestone/s: *Finish populating the data – Can be filled by Team Leader.*

Task: Research and investigate similar machine learning methods and technology for Inflation rate	Task: Gathering and identify the dataset for further development	Task:	Task:	Task:
Student #1 Name: Yap Ming Yee Student No: 0126471 Signature: MY Date: 15/10/2022	Student #2 Name: Teoh Zhen Ee Student No: 0128372 Signature: Teoh Date: 15/10/2022	Student #3 Name: Student No: Signature: Date:	Student #4 Name: Student No: Signature: Date:	Student #5 Name: Student No: Signature: Date:
Lecturer/s Acknowledgement and Date:				

* The form is NOT valid without the lecturer signature. It must be dated and signed.
